My Brother Reg has this new thing going which at some point will be world wide called the Local Music Wall. He is currently Beta testing it in Winnipeg and seeing as my Daughter Candis was born there some of her stuff is on the special chart. Check it out here www.localmusicwall.com/winnipeg

When Hurricane Irene was headed for Florida 8-50 WFTL jumped into complete storm coverage but when she swung west of us and headed for New York, GM Steve Lapa came up with a great concept. He got a hold of Randy Michaels and Walt Sabo and arranged to simulcast their new FM News 101.9 in New York on WFTL here in South Florida. This is probably the only place in the World where broadcasting a New York station would even come close to making any sense. Most people who live here are from and have family still living in the North East. (try getting a ticket when the Yankees come down to South Florida to play the Marlins) The whole weekend sounded great !

I think both Males and Females are having a lot of difficulty with the new order of things. Who should stay at home with the kids and who should work. The easy call says "show me the money" but mother nature may have a different call.

I was born a Wasp in Canada and I sure don't remember that affording me any breaks. So when a person who speaks another language or is of a different color or both thinks they are owed some special rights and deserve to cut in front of me in line ... Ain't gonna happen!

In 1965 it was decided that Paul should sing Yesterday all by him self on the Ed Sullivan Show. He was a little apprehensive standing backstage waiting to go on because he had never sung before without the rest of the Beatles before. A stagehand came up and asked him if he was nervous. Not really Paul answered ... Well you should be there are over 73 million people watching.

So a CPA was explaining to me tonight that she is not allowed to lie because she could go to jail. A lawyer even in a court of law is allowed to lie. Unless you can find one other person other than a Crook, a Congressman, (lawyer) or a Senator, (lawyer) who agrees with that then I think we should go with Shakespeare's suggestion.
